PROMINENT AGOURA HILLS OFFICE TENANTS

THE CALABASAS THROUGH WESTLAKE VILLAGE CORRIDOR

The Calabasas/Westlake Village area encompasses several prestigious communities in the West San Fernando Valley. Residents have incomes significantly higher than the greater Los Angeles average, as well as some of the higher home values. The area is very scenic, nestled next to the Santa Monica Mountains. Over the mountains lies the epic Malibu shoreline. Good schools make the area attractive to families.

Area workers have access to the Ventura Freeway, which provides convenient access from other locations in the San Fernando Valley and the Westside of Los Angeles. The nearby Warner Center is an important office location and is also home to Westfield Topanga, one of the principal retail destinations in the San Fernando Valley.

Most of the office space in the area is adjacent to the Ventura Freeway. Tenancy in the corridor is diverse, with large tenants including Bank of America, Teradyne Inc., Harbor Freight Tools, The Cheesecake Factory, and Dole Food Company. Also, a small tech hub exists on Agoura Road along the Ventura Freeway, where companies including Alcatel-Lucent, Spirent, and Ixia have a presence.
